

# About Us

## Investment in North Carolina

## Our Firm

JMT is an employee-owned, multi-disciplined firm providing comprehensive planning, design, and construction-phase consulting services for infrastructure projects across the US. We offer superior and safety-minded services to government, private, commercial, and industrial clients.

For more than 50 years, JMT has worked to facilitate a deep understanding of the communities we serve and listen to client's needs to create strong foundations that ensure the right solutions for every project. JMT works tirelessly to deliver results that are firmly rooted in technical knowledge and continuously improved by the creativity, collaboration, and growth of our entire team.

## Our Mission

JMT's mission is to provide professional infrastructure services that turn visions into realities for the betterment of our clients, communities, environment, and employee owners.

## Our Commitment

JMT celebrates diversity and inclusion by supporting and encouraging our employees to be innovative, collaborative, and feel comfortable sharing their unique perspectives.

Our commitment to quality is demonstrated in the firm's many quality management standards including an internationally recognized ISO 9001 certification. JMT's organizational-wide systems and practices are independently reviewed annually.

From safety in the workplace to providing resources to resolve safety compliance issues, JMT's health and safety professionals assist with developing plans, checklists, safety programs, and training—ensuring a safe and happy workplace.
